

Hurricane Preparedness

The Atlantic Hurricane Season begins June 1st and runs through November 30th. The hurricane forecasters have predicted a very active season with 23 hurricanes and 5 major hurricanes.

To stay updated on hurricane preparations and live information during the storm it is recommended you go to the South Carolina Emergency Management Division website at **SCEMD.ORG**.

There you will find information on:

- Developing your hurricane plan
- Sign up for CODE RED alerts on your cell phone
- Evacuation Routes
- Current road conditions
- Emergency Shelters
- Report power outages
- Find Emergency Shelters
- State Updates, etc.
